COMPANY OVERVIEW

Founded in 2012 in Pinetown, KwaZulu-Natal, Paddington Rain Water Solutions was built on a simple promise: good service, good product, and good price.

What started as a focused gutter component supply business has grown alongside our customers, expanding into a broader range of products and solutions to support installers and contractors at every stage.

We proudly supply everyone from independent installers to large-scale operations, building long-term partnerships based on reliability and trust.

- ✓ Quality You can TRUST
